Title **Certificate of Analysis M9048BBC PeliCluster Anti-CD62P**

Product name:	PeliCluster Anti-CD62P
Article number.	M9048BBC
Clone:	CLB-tromb/6, C2
Isotype:	IgG1
Species:	Mouse
Amount:	5 mg
Purification method:	Protein A
Buffer & preservative:	20 mM borate buffer + 150 mM NaCl, pH 8.8 (±0.1), no preservatives
Storage requirements:	See product label
Protein concentration:	See product label (A280 nm; extinction coefficient 1.4)

Test	Requirement	Meets requirement
Immunoelectrophoresis	Tested against Rabbit anti-Mouse total serum and Rabbit anti-Mouse-IgG. Monoclonal IgG precipitation line without additional lines of equivalent intensity is demonstrated.	Yes
	Tested against Rabbit anti-FCS. No precipitation lines are demonstrated	Yes
Isoelectric focusing	Antibody migrates to the same position as the reference batch.	Yes
Specificity in flowcytometry	70 - 100% positivity on activated thrombocytes	Yes

Date approved: 03 November 2026 QA: _____
